I am happy to know that M/s Bharat Shipping Limited, New Delhi is organizing "All India Merchant Navy Camp".

2. The importance of Shipping Industry may not be underestimated particularly in view of its substantial share in the field of international cargo movement. It is the backbone of international trade and provides job opportunities to a large number of people.

3. I hope that the Camp would be helpful in providing much needed directions / guidance to the aspiring seafarers.

4. I wish a grand success for the Camp.
